As [this persona], I want [to do this thing] so that [I can achieve this benefit]

HelpMeBuy Application

Story 1: As a HelpMeBuy app user, I want to have secure platform as app offers online payment and good customer service when the order is damaged or delayed or if there are any billing concerns so that I don't have to waste a lot of time in getting the resolutions to my issue.

Story 2: As a HelpMeBuy user, I should be able to connect only with authorized people around me, that study in the same university as me, so that I feel secure to make transactions.

Story 3: As a HelpMeBuy app user, I want to ask the other user to get essentials for me so as to save my time for other priority tasks.

Story 4: As a HelpMeBuy app user, I want to find people around my dormitories so that they can help me in sharing the bus fare when I am going for grocery run.

Story 5: As a HelpMeBuy app user, I want to find friends around my college so that they can share their vehicle and can drive me to the nearest food market, so that my travelling cost is saved.

Story 6: As a HelpMeBuy app user, I want to find my friends so that they can help me buy groceries when I am busy doing some project or when I am out of grocery.

Story 7: As a HelpMeBuy app user, I want to always buy fresh groceries, by getting help from community sometimes so that I don't have to needlessly buy too much food and hoard groceries.

Story 8: As a HelpMeBuy app user, I want to get groceries when I am free so that I help others and earn small cashback as well.

Story 9: As a HelpMeBuy app user, I want to be able to find people with common grocery needs so that it is easier to form groups/party.

Story 10: As a HelpMeBuy user, I want to be able to connect with people so that I can provide and receive help to buy household utilities.

Story 11: As a HelpMeBuy app user, I want to be able to file claims for damaged/lost orders/items of the order so as to be not scammed.

Story 12: As a HelpMeBuy user, I should be able to see the reviews and ratings posted by other users, so I that I can choose my utilities buyer wisely.
